

MAKE YOUR OWN DECALS

**IF YOU HAVE A COMPUTER / INKJET PRINTER
THAT CAN DO PHOTO QUALITY PRINTS THEN
YOU CAN MAKE YOUR OWN WATERSLIDE OR
VINYL DECALS.**

**SEARCH FOR YOUR FAVOURITE LOGOS ON THE WEB
OR CREATE YOUR OWN.**

**PRINT TO DECAL PAPER – SPRAY COAT WITH CLEAR
LAQUER – THAT’S IT !**

**WATERSLIDE DECAL PAPER AVAILABLE IN US LETTER SIZE 8½” x 11”
21.6cm x 29.7cm (THIS IS WIDER THAN NORMAL A4 21.0cm x 29.7cm)**

PRICES :-

WATERSLIDE – CLEAR DECAL PAPER – R30 per Sheet

WATERSLIDE – WHITE DECAL PAPER – R50 per Sheet

WHITE VINYL ADHESIVE PAPER – R50 per Sheet

**NOTES: THESE PAPERS CAN ONLY BE PRINTED USING INKJET PRINTERS – THEY
WILL NOT WORK WITH LASER AND SUBLIMATION PRINTERS.
THE WATERSLIDE DECALS NEED TO BE CLEAR LAQUER COATED AS INKJET INKS ARE
NOT WATERPROOF.**

**WHEN USING THE CLEAR PAPER THE WHITE AREAS OF THE DECAL ARE
TRANSPARENT AND COLOURS ARE AFFECTED BY THE UNDERLYING COLOUR – THESE
ARE BEST USED ON LIGHT COLOURED OR WHITE BODIES.**

ALTERNATIVELY APPLY TO A WHITE PAINTED AREA OR PLAIN WHITE VINYL BLANK.

**THE ADVANTAGE OF USING CLEAR IS YOU DO NOT NEED TO BE TOO FUSSY WHEN
CUTTING THE DECAL OUT. WHEN YOU USE A WHITE BACKGROUND YOU MUST
OBVIOUSLY CUT THE DECAL TO THE CORRECT SIZE / SHAPE BEFORE APPLYING.**

**TIP – PRINT YOUR IMAGE ON PLAIN PAPER BEFORE USING THE EXPENSIVE DECAL
PAPER TO BE SURE YOU HAVE EVERYTHING SET UP RIGHT.**
